Parents and Guardians,

2/28/22

I want to thank each and every one of you for your support over the last two years. As we approach the two year anniversary of our COVID-19 shutdown we are receiving much better news in 2022. As COVID numbers continue to drop there are changes being made by the Indiana Department of Health and the CDC. I wanted to give you a few updates to our current COVID-19 action plan.

- The CDC released a statement today that the mandate requiring masks on public transit has been lifted. In response, there will no longer be a requirement for students or drivers to wear a mask on the school bus.
- The Indiana Department of Health recently announced schools are no longer required to report contact tracing to the Department of Health.
- Switzerland County School Corporation is also going to allow volunteers to begin attending field trips again with permission from the principal.
- Students who test positive for COVID-19 will still be required to follow all existing quarantine guidelines.
- Each of these updates are always subject to change based on the local and national positivity rate and recommendations or mandates placed on schools.

Again, thank you for your continued support through an unprecedented time in education.

Mr. Rod Hite, Superintendent
Switzerland County School Corporation
