

# School's Out for Summer!

Last day for students, May 31st

## JC News

### Teacher/Nutrition/Nurse Appreciation Days

May is a month full of opportunities to recognize those in our lives that make a difference.

This year May 8-12 is Teacher Appreciation week. School Nutrition Appreciation Day, also known as "School Lunch Hero Day", is May 5th. In addition, Nurses Appreciation Day is May 10th. We will be celebrating with our staff throughout the coming weeks. Take some time this month to reflect on a teacher, nurse, nutritionist who has made a positive impact in your life. Reach out and let them know how much you appreciate what they did!

### Kindergarten & 6th Grade Graduations

On May 30th, we are excited to celebrate graduations with our Kindergarten and 6th grade classes. Starting at 9am, in the Jeff-Craig Gym, we will have 6th grade graduation. Later that same day, our Kindergarten will graduate at 1pm in the gym.

### Field Trips

As a reminder, any chaperone has to complete a background check and students need to be on their best behavior. Also, the cafeteria will provide students a lunch. However, if your child has a certain need concerning food please prepare what is needed and let the teacher know.
