

# Pre-Nursing

Completion of the pre-nursing coursework allows students to directly apply to the Ivy Tech nursing program after high school. Students in the Ivy Tech nursing program have opportunities to care for real patients in a variety of clinical settings, and skills are also learned in simulation labs. The growing use of the simulations allows students to assume roles not available to students in a clinical setting. This allows them to make critical choices and see the results of those choices. We utilize a variety of learning strategies in the classroom and clinical settings to appeal to every learning style.

Apply to the ASN by May 18 of academic year to start following August or Apply to the PN by September 1 to start following January

## Coursework to Apply to ASN\*

- ENGL 111 English Composition
- MATH 13x Finite Math, College Algebra, or Trig.\*\*/\*\*
- APHY 101 Anatomy & Physiology
- PSYC 101 Introduction to Psychology
- TEAS testing See Nursing Info. Booklet for deadlines

\*course grades/test results used for scoring in admission process, participation does not guarantee admission

\*\*required for Bachelor's of Science in Nursing

\*\*\* course is not included in cohort times that follow.

## Coursework to Apply to PN\*

- ENGL 111 English Composition
- APHY 101 Anatomy & Physiology
- PSYC 101 Introduction to Psychology
- TEAS testing See Nursing Info. Booklet for deadlines

*The majority of our ASN graduates go on to work in a hospital, and our PN graduates primarily work in long term care. The demand for LPNs will only continue to increase as populations continue to age. Students can graduate in 3 semesters once admitted to the PN program, and with 3 additional semesters can complete the ASN program.*

*There is a need to fill 25,074 RN positions by 2024, and 7,685 LPN positions. The average salary for a ASN graduate in Indiana is \$60,050 and \$41,540 for a PN graduate.*
